## Synopsis

Words from a Wanderer, version two, is a timeless and beautiful collection of #anote2self affirmations. This book of gems was first published in 2013 as a collection of notes and love poems. ## Customer Reviews

I'm going to be as honest as possible so that those who are looking to buy may know. I got the book and it looked beautiful and simplistic. But the actual content was mediocre. I found maybe 5 poems in the whole book. The rest was little "notes to self" that were incredibly clichÃ©. Like: Dear self, remember to love yourself. Almost always along those lines. So if you like that, then this is the perfect book for you.

I started following the author on Instagram as a recommendation from a friend. Her posts are often very interesting. however, if you do follow her on her social networks, there isn't much need to buy the book. Her posts are pretty much from the book. Nevertheless, I did enjoy the life lessons and was particularly impressed considering she is only 23 years old. The title, however, does not relate to the book. But if you're into poetry, self-improvement, and love you'll likely enjoy this.

Very true and great inspiration for those who seem "lost" or "stuck"... Sometimes we think everyone is moving forward and we're standing still. Alex breaks it down and let's us know that it's part of life and your journey. Poems made me laugh and some made me cry. Overall a great read!

this was ok. not what I expected. Read the entire thing in under an hour. was hoping to get lost in it the way I like to do in my readings however I just kinda felt like I was reading someone's Facebook statuses.

The words are very insightful, but not worth how much it costs. I understand she needs to make a profit, but I felt jipped when I received it and realized how short it was with a lot of pages being blank for you to "write" - wouldn't pay more than \$5 for the amount of text.

When I first got this, I was like man how tiny is this book?! However, quality is definitely bigger than quantity with this one. The poems are so beautiful and it would make the perfect gift for someone you care about. This is definitely a treasure and Alex is talented. Buy and cherish!

I loved every word. Alex you gave me so much light in a few words. Light that has completely annihilated the darkness I was in for so long. Love love loved it. Keep writing for the souls like mine who can relate.   •

Before you buy this book... Be aware that it's a self-published, instagram author...I didn't look it up or put that together. Look up the author's social media first, get a feel for her work; see if you enjoy what she's about. It was not for me---I would have known if I checked out her work first and realized this was a self-published work.Sorry, it was like reading my own journal, but worse.
