## Customer Reviews

I got to ride 3 of these trails this last year.(2015) The directions were still good at Zimmerman and Mt Helena Ridge, but I didn't read the directions right, and went backwards at the Big Snowy Mountains, so I got lost and didn't make it all the way around. Probably not the books fault, but everyone else in the car also thought I was starting in the right spot as well from what the directions said.

This is an excellent resource for Montana mountain bikers. In fact, it is the best we have found and all you need.

Great book....weird thing is this is MUCH less expensive (\$17) from the publisher or elsewhere! Strange, since usually tries to price effectively....

The book is awesome. I checked on here because a friend was asking about it and was floored at the price the vendors are asking. Are they serious???
