Synopsis

You cook for him, clean for him, and sacrifice for him. Thereâ ™s only one problemâ ”in reality heâ ™s your boyfriend, but in your mind, youâ ™re already married. When a woman falls in love, she will give it her allâ ”even if sheâ ™s not getting anything in return, especially in the form of a ring! The moment of being fed up and realizing you are giving so much of yourself to someone who doesnâ ™t give the same in return can be unmistakable and painful. This is not a man-bashing book or a book for women uninterested in the truth. This is for women who look at their relationships with feelings of betrayal, pain, and emptiness and who want to make a change. Donâ ™t Be a Wife to a Boyfriend: 10 Lessons I Learned When I Was Single aims to help you on your journey to self-discovery and shows you that every relationship failure can offer a moment of truth and clarity. With humor, compassion, and the hard-earned knowledge of experience, Shonda tells you all the things your girlfriends are afraid to, and shares personal stories that will inspire you to live your best life no matter your relationship status.

I first heard about Shonda Brown White once her article went viral. I was so happy when a few weeks later I stumbled across this book. I knew I had to add this book to my library and boy was I right!Page after page, Donâ ™t Be A Wife To A Boyfriend reads like youâ ™re having a one-on-one conversation with one of your closest girlfriends.Shonda is very transparent about her past struggles and candidly shares how her faith and failures helped transform her views as a single woman, when it comes to sex, love and relationships.I recommended this book to all of my single girlfriends. Even

my married friends wanted to get in on reading it as well, it's that good!Shonda pours her heart into this book and because of that women everywhere will finally find strength to not be the wife to boyfriends!

Shonda Brown White has you hooked from the beginning making it hard for you to put her book down. She captures her most intimate experiences as a single woman before she found her husband. Through her heart aches of unhealthy relationships she realized what caused her to attract the wrong men. I can relate on so many levels being a single woman and the quest to find true love. Shonda, incorporates bible versus and encouraging words to keep hope alive for that special someone to enter into your life. Her lesson for everyone is to love yourself first and focus on you before you enter a relationship. I highly recommend Donâ ™t Be a Wife to a Boyfriend!

What an Excellent Book. I have given copies to my daughters, and the young ladies of our church. I also recommend it to some of our older women who don't seem to get it. " Don't give away the milk when you own the cow!

This book is not only a great read but it is also something to meditate apply to everyday life and I'm so grateful that I had an opportunity to read it. I was referred to read this and I'm happy I took the advice. This book is like a guide I been asking for so long and I got more than that!

I loved this book. It has made me change my perspective on how to approach relationships. If I want different, I have to do different. All men may not rise to the occasion, which means it makes it easier to weed them out. Thank you for being so open and honest in your writing!

What an amazing read! Every word written touched me, because I was that woman. Round of applause to Mrs. Shonda!
