Billionaire Multi-Installment Serial, NOT a Standalone Story, Does include CliffhangerAuthor: Hannah FordReading Edition: Kindle UnlimitedMy Rating: FIVE SINFULLY SEXY ENTERTAINING STARS *****Yowza! Because He Watches Me is the ninth scorching hot installment in the sinfully seductive new serial, Because He Owns Me, by Hannah Ford and may I just say - WOW! Please be aware, as I indicated above, this is an ongoing serial. It is NOT a standalone read and there will be multiple installments with nail biting cliffhangers, so if you haven't read Books One through Eight, please STOP here. I began reading Ford's work a few months ago when I discovered her What He Wants Series. She seems to specialize in serialized multi-installment novels with each release being the equivalent of one or two chapters totaling 35 to 50 pages each. I find that I actually enjoy this concept as long as the books are released regularly. Although it has been almost four months since the release of Book Eight, this is not the norm for Hannah Ford. In the past, she has typically released at least one installment per month but hopefully we're back on track with this serial. Each book is a quick enjoyable read and perfect for what I like to call a palette cleanser - something to stop sensory overload, relax my mind and enjoy in between heavy, full-length novels. Ms Ford is exceptionally talented in crafting realistic storylines with complex characters and suspenseful plot twists. She also excels at maintaining the momentum of the story throughout the entire book without having to use empty filler to pace the story. If it's there, you better believe it means something and will be important at some point.
