Customer Reviews

I'm thrilled that I can now have all three books of this series in one! All 3 books were huge 5 stars for me! The Hearts Series by Claire Contreras is one of my absolute favorite series! You see, I'm a sucker for second chance romances and this series is full of those, and the writing is so beautiful you won't want to miss it! Kaleidoscope Hearts is the first book in the series and it's Estelle's and Oliver story. It's a second chance romance full of feels and love and it's also about putting your life back together after a tragic loss. Rebuilding and reconnecting with that one person you thought you had lost along the way. âœ“THE THING ABOUT life is that you never know when it will show you something that touches you so deeply that you canâ€™t help but be grateful for everything . . . even

the bad.â •Paper Hearts is the second book in the series and it is my absolute favorite of the 3! This is Mia and Jensen's story (Estelle and Oliver's best friends). And it's the most beautiful second chance romance I've ever read. Mia Bennett and Jensen Reynolds have known each other since they were really young and they are best friends. They finally get together romantically and their relationship is intense and full of love. Mia changes Jensen's life for the better and she encourages him to pursue his dreams. School and distance separates them and they decide to take a break with the hope that they will eventually end up together once they finish school. Life throws a curveball to their plans. Jensen makes a huge mistake that changes both of their lives. The choices he makes leave him full of regret and without Mia. And it leaves Mia brokenhearted and betrayed, to her, what he did is unforgivable. Now, 5 years later, Jensen lives in New York and is a well-known writer.
